The following is an examiner's statement of reasons for allowance: The examiner agrees with applicant's assertion that the amount of alkophos C cited in Venable is based on a dispersion and thus the actual solid content is less than 10 wt.%. Also, Venable teaches away from the instant amount of an inorganic binder at col. 7, lines 13-22.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
